Sample Questions and Detailed Explanations

To better understand what to expect, here are some sample questions categorized by topic, along

with comprehensive analyses of each:

1. Laws and Legislation

Sample Question:

Under the Security Guard Act in Ontario, which of the following is a requirement for obtaining a security guard license?

- A) Must be at least 25 years old
- B) Must pass a criminal background check
- C) Must have previous military experience
- D) Must complete a college degree in security management

Correct Answer: B) Must pass a criminal background check

Explanation:

Ontario law mandates that applicants for a security guard license undergo a criminal background check to ensure they do not have disqualifying criminal convictions. The Security Guard Act emphasizes integrity and trustworthiness, and background screening is a key component. Age requirements typically specify that applicants must be at least 18 years old, but not necessarily 25. Prior military experience or a college degree are not legal prerequisites, though relevant training or experience can be beneficial.

2. Rights and Responsibilities of Security Guards

Sample Question:

Which of the following best describes a security guard's authority when enforcing property rules?

- A) They can detain individuals suspected of theft indefinitely.
- B) They can arrest anyone they suspect of a crime.
- C) They can detain individuals for a reasonable period if they suspect a crime has occurred.
- D) They have no authority to detain anyone on the property.

Correct Answer: C) They can detain individuals for a reasonable period if they suspect a crime has occurred.

Explanation:

Security guards in Ontario have the authority to detain individuals under the "lawful arrest" provisions, but only if they have reasonable grounds to suspect a crime. They cannot arrest or detain indefinitely, and their authority is limited compared to police officers. The key is "reasonable suspicion," which must be justifiable and based on observable facts. Any detention must be conducted professionally, respecting individuals' rights and adhering to legal standards.

3. Emergency Procedures and First Aid

Sample Question:

In the event of a fire, what is the first step a security guard should take?

- A) Attempt to extinguish the fire immediately.
- B) Alert the fire department and activate the building's alarm system.
- C) Evacuate all personnel without notifying authorities.
- D) Lock the doors to prevent entry.

Correct Answer: B) Alert the fire department and activate the building's alarm system.

Explanation:

The primary responsibility during a fire is to ensure that emergency services are notified promptly. Activating the building's fire alarm notifies occupants and facilitates orderly evacuation. Attempting to extinguish a fire should only be done if the fire is small and manageable, and the guard is trained in firefighting. Evacuating personnel without alerting authorities could delay response times and increase risk. Locking doors is generally unsafe unless directed by emergency protocols.

4. Communication and Customer Service

Sample Question:

What is the most effective way for a security guard to handle a tense situation with a visitor?

- A) Yell at the visitor to get them to comply.
- B) Remain calm, listen actively, and communicate clearly.
- C) Call the police immediately without attempting to resolve the situation.
- D) Ignore the visitor's concerns to avoid escalation.

Correct Answer: B) Remain calm, listen actively, and communicate clearly.

Explanation:

Effective communication, especially in tense situations, hinges on maintaining composure and listening attentively. Active listening helps de-escalate conflicts and builds rapport. Yelling or ignoring the issue can escalate the situation, while calling authorities should be reserved for serious threats or emergencies. A professional, calm approach fosters cooperation and safety.

5. Use of Force and Self-Defense

Sample Question:

Under Ontario law, when is a security guard justified in using force against an individual?

- A) Whenever they feel threatened.
- B) Only when they have a reasonable belief that their safety or others' safety is in immediate danger.
- C) To prevent any disturbance, regardless of threat level.
- D) To control a situation until police arrive, regardless of circumstances.

Correct Answer: B) Only when they have a reasonable belief that their safety or others' safety is in immediate danger.
